A trans-ocean crossing on a Tall Ship is the fondest dream of anyone who loves sailing. But unless you know how to chart a course by celestial navigation or scramble up a tall mast, your chances of realizing that dream were nil, until Star Clippers. Aboard Star Clippers' ships, you can know the thrill of traversing a great ocean under sail, without any skills or effort on your part. Imagine long lazy days at sea. The time-out-of-mind sensation of watching the water slip under the bow, of gazing at a horizon that is

360 degrees wide, of feeling the steadying power of sails as they capture the energy of the wind and thrust your ship through the vast expanse of ocean. In all the world, there is no experience as wonderfully renewing and invigorating. Make this your year for the ultimate in sailing: A Transatlantic, Transpacific, Panama Canal or Indian Ocean crossing aboard Star Clippers.
